

**Kristi Sellers**

Associate PMM, GC Columns and Air Monitoring

Kristi brings 23 years of experience in GC and 6 years of experience in HPLC to her role as our Associate PMM for GC Columns and Air Monitoring. Prior to accepting this responsibility, she worked as the R&D Manager, a principal clinical and forensic applications chemist, a chemist in capillary column QA, a process chemist in GC column manufacturing, a safety officer, and manager of capillary column manufacturing, QA, and the applied science group. Kristi also served as our Innovations group leader/general chemist and as a technical service specialist. She holds a B.S. in chemistry from Lock Haven University, Lock Haven, PA and an MBA from Regis University, Denver, Colorado.
